PERSONAL AND LOCAL.

—Speaking of the Jatus concert at Parkersburg Tuesday evening, the Sentinel says: "Mrs. Shaw, always a favorite singer before a Parkersburg audience, was never in better voice than last night, and she rendered the soprano parts in an apparently absolutely perfect manner. Mr. Adams is possessed of a magnificent baritone, rich and powerful in volume, and he enunciates with perfect distinctness, an element in singing that is always pleasing to an audience. If Mr. Adams were not already a prime favorite with Parkersburg people his work last evening would quickly establish him as such."

Every garment we turn out is a feature. Marietta Tailoring House, 230 Front street.

—The Barlow Fair opens today and continues over tomorrow. A large number of Marietta people contemplate attending.

—Mr. and Mrs. Ray Beagle returned Wednesday from Cincinnati. They will reside with Mr. and Mrs. Wm. Theis, on Second street.

—The United States Propellor Edna passed up the Ohio Wednesday on her way to Pittsburgh, where she will take in tow the quarter boat of the surveying corps, which will locate the system of locks and dams proposed for the Ohio above Marietta. The surveyors will begin their work immediately, the necessary water gauges having already been placed.

—Among the Parkersburgers who were in the city last evening were Miss Dellicker, Miss Smith, Mr. J. N. Monroe, Mr. Rolla Camden, Miss Blackford, Miss Van Winkle, Mr. B. S. Pape, and Mr. George Summers. All took supper at the Bellevue and returned home in the evening.

—Miss Mattie Snyder, of Kenova, Pa., and Miss Estella Wright, of Parkersburg, were guests of friends in the city Wednesday.

—Dick Osborne, who jumped from a moving train while being taken from Marietta to Caldwell, O., to answer to a charge of burglary, was seen in Waverly late Monday night. He escaped on the morning of that day. Monday night he turned up in Waverly and a gentleman who saw him there says he bore no marks of having jumped from a fast flying train.

Where did you get those "hot" trousers? At Marietta Tailoring House, 230 Front street.

—Fax Devol, of this city, is in trouble again, according to the following from Parkersburg: Fax Devol, who was recently released from the Ohio pen, where he served a term for nearly killing a man by striking him with a stone, was arrested yesterday afternoon for being drunk and creating a big disturbance at the Shafer Hotel. He was very abusive and insulting and used very vile and filthy language to the clerks and Mrs. Lehman the wife of the proprietor. This morning Judge Wiley fined him \$3 and costs, \$7.70 in all.

—B. & O. S. W. train No. 18, west bound, known as the Parkersburg and Blanche Accommodation, met with a peculiar accident about a half mile east of Athens Wednesday evening. A broken flange derailed one of the coaches, which was thrown clear of the track and turned over. All the passengers were severely shaken up and many of them badly bruised, but none fatally. The worst injured was a young man who received a broken leg.

A Safe Place to Drill.

Pittsburg, Sept. 21.—Near the line of Tyler and Pleasant counties operations are growing rather interesting and the wells completed would seem to indicate that it is a very safe place to drill. The wells so far have not been of the gusher kind but are paying producers, as the appended guages show Fisher Oil Co's No. 1, 2 and 3, Livingston, 55, 50 and 75 bbls., respectively; Ramey & Co's No. 1, O'Dell, 125 bbls., and Bettman & Watson's No. 1, Barker heirs, 60 bbls.

The same company has drilled in its No. 3, Shingleton, at Hebron, and has a show for a 60 or 75-bbl. producer from the Cow Run sand.

The Fisher Oil Co. has made locations from Nos. 3, 4 and 5, Barker, and the Carter Oil Co. has made locations for Nos. 4 and 5, J. Livingston, Nos. 2 and 3, Hardman Livingston and No. 1, G. T. Livingston.

In the Wick district Davis & Co. have drilled in their No. 1 on the Wilson farm, and at 20 feet in the sand developed a gas pressure good for 350 or 400 pounds the first minute. The well will not be drilled deeper at present.

The well on the Hendershot farm, southwest of the Ogden pool, is holding up at 50 barrels per day. The well recently completed near it, located on the Charles King farm, is making about 300 barrels a day, but the appearance of five dusters in that locality in looking for a southwest extension to the Ogden pool has caused some discouragement. On the Locker, J. A. Harris, Morgan heirs, J. E. Burge, and McPherson farms wells have been drilled through all sands, including the Berea grit formation and in every instance the wells proved dusters.

At Cairo, Ritchie county, the Luback & Co. well, on the Young town lot, is holding up nicely and has aroused the greatest excitement. Town lot locations are in demand and some of them have been disposed of at fancy prices.

At the mouth of Panther Run, in the same county, the test well on the John Lucas farm, has started to spud. It is a wildcat that will claim some attention when it nears completion.

In the Jakes Run district, Monongalia county, the South Penn Oil company and DeWitt have completed their No. 5, on the Nancy Tennant farm, and have a duster. No. 1, J. Tennant, is drilling in the first pay and showing some oil.

In the Mannington district No. 1, Beetle Knotts, has been completed and is good for 10 barrels a day.

The South Penn Oil company has completed its No. 18, H. L. Smith, and has a duster; No. 19 on the same farm is showing for 60 barrels a day. The same company's No. 3, J. L. Starkey, is in the pay and showing for 75 barrels a day. Lindsey Stewart's No. 3 has been completed and is dry.

In the local fields operations continue to drag. The only new well reported was Aiken & Co's No. 2, Earnest, at Coffey Station, Washington county. The well proved a duster in the fourth sand, and was then drilled to the fifth and filled up 1,900 feet with fluid from that formation.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey or other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1.00 per bottle at W. H. Styer's Drug Store.

Disease is like a railroad train. It has a regular way of coming and going and keeps on steadily along a certain track. You can almost always tell how a disease starts, and where it will probably end. It won't go out of its way to oblige you any more than a locomotive will. Disease usually begins when the appetite gives out—that's the first warning whistle. Then the stomach and nutritive organs fail to supply good blood. The circulation grows poor, thin and tainted. Instead of carrying nourishment to the different parts of the body it carries poison, which settles at some point and eats away the tissues. According to where it settles it is called liver or kidney or skin disease—scrofula, erysipelas, eczema, or consumption if it settles on the lungs. It is all one trouble; tainted blood; clear out this taint and build up the tissues with rich blood and the disease is stopped; side-tracked; it can't go any further. No matter what the name of a disease is if it's a blood disease, Dr. Pierce's Golden Medical Discovery will cure it by driving the poison out of the circulation and creating a new supply of healthy, red, life-giving blood to revive and nourish the wasted tissues. It puts the digestion in order, invigorates the blood-making organs and builds firm healthy flesh. Consumption is a blood-disease. Don't believe it can't be cured! It is cured every day by Dr. Pierce's Golden Medical Discovery.

Dear Sir—I cannot say enough for your "Golden Medical Discovery." For two years my little boy suffered with lung trouble—first taking la-grippe; second intermittent fever; third, lung trouble. For two years he coughed. The physician could do no good and I thought he must die. I was told to try Dr. Pierce's Golden Medical Discovery. I did, and before he had taken one bottle he began to mend and could eat a little. When he had taken four bottles he was well and now is as stout as before.

Respectfully yours,
(Mrs.) **Martha Roche**

Burdock Blood Bitters is nature's true remedy for constipation and kindred ills. It acts directly on the bowels, the liver, the skin, and while cleansing the blood imparts strength to the digestive organs.
